APRIL - TENTH

Our Sun Shines Tonight

•

ECLIPSE or no eclipse—moon or no moon, our Sun shines tonight as we gather with our fellow-bowlers, friends and guests at this fifteenth annual banquet of the Sunoco Bowling Leagues.

And, as we crown the champions tonight let us not forget that these happy gatherings are made possible through the thoughtfulness and generosity of the Company we represent.

May the Sunshine of good-fellowship and sportsmanship be so strong that we shall always look forward to these annual gatherings with a feeling of—Boy,
It's Great to be Connected With

SUN OIL COMPANY

The Committee

The 1940 Sun Champions!

As this page of the program goes to press we hear rumblings from the Southwest that those silk-shirted boys from Texas are coming to Philly loaded to the boots to recapture the championship.

Likewise, from the Sales Division and General Offices we catch whisperings that it's their year to carry off the high honors—while amid the ceaseless activity at Marcus Hook we learn of their determination to come through again this year and make the others like it.

We're not crystal-gazers and we're not prophets but we do predict that at this battle on April ninth, the "wraps will be off"—the "arms unlimbered" and a continuous crashing of strikes, unusual spares and hair line misses will give everyone watching these championship matches a thrill a minute.

So, may the best team win—and as before—we held up the printing press for the next page so that the results could be shown—for your enjoyment or —————?

Local League Champions!

These champs carried off the honors in the league games and roll-off matches to bring fame to their department.
